A letter was read by Mr. Balch that is sent to the new residents of the Town of Nelson to acquaint them with the location to town buildings and names of town officers.

The following resolution was accepted as read:

Whereas we, as residents of the Town of Nelson, realize

that the non-resident property owners of the town contribute, in tax payments, a major part of the expenses of maintaining the town, and whereas, they are not permitted to participate in our annual town meetings and

Whereas we feel that it is very desirable that said non-resident property owners have some knowledge and understanding of the various aspects and problems of town maintenance, and be afforded an opportunity to discuss said problems with the residents of the town, and express their opinions and views in relation thereto,

Therefor be it resolved that we, the residents of the Town of Nelson do hereby request our board of Selectmen to select a date during the coming summer when it seems that many of our non-resident property owners will be in the vicinity, and invite them to join us, the residents, on that date, at a Town Meeting Caucus, so called, to be conducted in the general form of a regular Town Meeting.

The following motion was adopted as read: No machinery hired for repair and maintenance of the highways in the Town of Nelson shall be hired for more than the pay rate set by the State Highway Department of New Hampshire, except in case of emergency.

The following motion was accepted as read: That the Town of Nelson pay the existing state rate of \$1.33 per hour to all town help and that the Road Agent be paid at the rate of \$1.75 per hour.

Meeting adjourned at 5:25 P. M.

I certify that this is a true copy of said vote.

Respectfully submitted,

MAXINE E. DOBSON (Mrs. Joseph)

Town Clerk—Nelson

REPORT OF SELECTMEN

The second installment of \$2000.00 due on the equipment note was paid together with interest amounting to \$200.00.

A hearing to discuss the feasibility of adopting regulations for zoning was held but no action was taken.

Due to the interest of Mr. Clyde Hutchins the town was the recipient of a rebate of state gasoline taxes, amounting this year to \$242.02.

For the first time, on the evening of August 25, 1961, a pseudo Town Meeting was held for the benefit of our non-resident taxpayers. This meeting was well attended and advantage was taken of the opportunity to express views and ask questions, which was helpful both to the taxpayers and the Town Officers.

Due to considerable favorable comment, it is planned to repeat the occasion sometime in the summer of 1962.

In accordance with the vote of the Town relative to Article 19 your Board appointed Mr. Winston French and Mr. Rodger Tolman to serve with the Trustees of the Trust Funds as a Cemetery Board, their terms expiring in March 1966.

Respectfully submitted,

KENNETH B. BALCH,
KENNETH T. COREY,
ROBERT H. HATCH,

REPORT OF THE CEMETERY BOARD

Early in 1961 the Cemetery Board met and agreed upon plans for the gradual development of the new section of the cemetery. At that time a scale drawing of this project had been prepared by Mr. Kenneth Corey and approved by vote of the Town.

Since several people had expressed, to our cemetery Superintendent, their wish to purchase lots, it became necessary to make a detailed survey in order to locate lots as indicated by number on the plan. Also the survey was needed to relocate the road through this section in order to provide maximum use of the area and adequate access to all lots. The survey was completed by Mr. Corey early in the summer.

Several copies of the original plan have been made and it is hoped that in the future an accurate and permanent record of all lots will be maintained.

During the fall some work was done in the process of relocating and building the road but considerable amounts of gravel and loam are still needed. We hope funds may be available to complete road construction as soon as possible because delay prolongs the unsightly appearance of the area and requires repeated removal and relocation of reference points.

We recommend that the Town appropriate \$600.00 this year for the general maintenance and improvement of the cemetery.

One hundred dollars (\$100.00) has been received for the sale of lots. This amount is being held by the Cemetery Board and will be applied to the "maintenance and improvement of the cemetery" in accordance with the vote of the Town at its 1961 annual meeting.

We are grateful to the Selectmen and Road Agent for most helpful counsel and cooperation extended to us during the past year.

Respectfully submitted,

HELEN TOWNE,
DOROTHY FRENCH,
FRANCES B. TOLMAN,
WINSTON FRENCH,
RODGER M. TOLMAN.

REPORT OF THE CIVIL DEFENSE DIRECTOR

The year 1961 has, because of the greater world unrest, made the need of Civil Defense become of greater importance to the general public. Your Director has endeavored to keep abreast of changing ideas and methods of the protection of the public in the event of enemy attack.

It is assumed that all residents have received thru the mails a copy containing the latest instructions for emergency procedure as furnished by the Department of Defense; it is highly recommended that all persons familiarize themselves with the contents of this booklet.

The annual Civil Defense test was covered by your Director and staff and all recommended procedures followed.

Through the state office of Civil Defense and the New Hampshire Distributing Agency surplus properties having a value of \$514.34 were secured at a cost to the town of \$39.60.

In addition through the matching funds program, equipment was purchased for use on Fire Department and C. D. vehicles at a considerable saving.

As always all agencies that your Director has been in contact with have been most helpful and cooperative especially the staff in the State office of Civil Defense at Concord.

Respectfully submitted,

KENNETH B. BALCH, Director,
Civil Defense, Nelson, N. H.

REPORT OF THE NELSON FIRE DEPARTMENT

Your fire department is pleased to report no serious losses occurring during the past year.

Among the various calls answered was a fire at the town dump. This fire could have been very serious but was brought under control by a good turn out of men and an abundant supply of water made available by a nearby water hole constructed during the past year.

Quick response by the men at one of the house fires prevented what could have been a total loss. On arrival the fire had burned into a partition and broken out through the clapboards. Water carried on the trucks prevented further damage as there was no water available on the premises.

Several fund raising projects by the department during the year have made possible the purchase of additional equipment such as boots, raincoats and a booster hose fog nozzle. We have also purchased two Scott Air Pacs.

Having completed numbering of all the town roads we hope to get more houses numbered this year.

Under a separate article the department is requesting funds for 2½ inch hose which we feel is very necessary.

Fire training films are another new feature at our meetings. These have proved very helpful to us in learning new and improved methods of fire fighting.

Our meetings are held at 7:30 the first Wednesday of each month and visitors are always welcome to attend.

Respectfully submitted,

ALDEN E. WILDER, Chief,

Nelson Fire Department

REPORT OF THE POLICE OFFICER

Over 200 hours were spent by police officers in enforcing law and order in the town in 1961.

Three serious accidents were investigated by local and state law enforcement officers. As a result of these accidents, two persons were hospitalized. Two trips to the hospital were made by the police department.

Two cases of non-licensing of dogs were investigated and two cases resulted in having to restrict the dogs to leash.

No vandalism was reported during the past year and property damage from automobile accidents was down from last year.

A regular patrol was maintained on week-ends and the roads were patrolled intermittently during the week. These patrol systems, we feel, helped to hold down our accident rate to some extent. Many motorists were stopped and warned about violations and one motorist was taken to court and fined for speeding.

We feel that it should be noted here, that more motorists would have been taken to court, had it not been for the expense for which the town might have been liable.

The town police officers wish to thank the townspeople for their cooperation in helping to keep the accident rate down by observing the speed laws.

Respectfully submitted,

BERNIE H. PIERCE,
Police Officer

AUDITOR'S CERTIFICATE

I hereby certify that I have examined and audited the accounts and records of the Town of Nelson for the Fiscal Year ended Dec. 31 1961, including those of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Library Trustees, Road Agent, Cemetery Board, Cemetery Superintendent, and Town Hall Custodian, and in my opinion found them to be in good order.

Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source in so far as possible and total of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Balance due on long term notes was confirmed by letter from the lending institution. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Special tests of the accounts and records were made as considered necessary.

NELSON PLANNING BOARD

Final Report of Nelson Planning Board.

To: Selectmen of Nelson

The Nelson Planning Board, acting as a Zoning Commission under the authority given it by law hereby reports that on July 26, 1961 it filed a preliminary report relative to the zoning of the Town with the Town Clerk; that upon that preliminary report it has conducted two public hearings, one at the Town Hall in said Town on Monday, August 21st, 1961, and one at the Town Hall in said Town on Tuesday, August 22nd, 1961. Since the public hearings, the Planning Board has held two meetings to discuss the opinions expressed at the hearings. It was the unanimous opinion of the members of the Planning Board that the hearings were attended principally by people known to be in favor of zoning and that a majority of those opposed to zoning did not attend the hearings and indicated their lack of sympathy with zoning by not attending.

Members of the Board were again unanimous in feeling that as a result of their own conversations with people in the Town that a new Proposed Zoning Ordinance would have little chance of adoption at the present time.

The Board therefore feels that before presenting a new Proposed Zoning Ordinance to a Town Meeting, an effort should be made by members of the Board, the Selectmen, and others interested in zoning, to explain the purposes, usefulness and necessity of zoning to those now opposed to it in order to make adoption of an Ordinance a reality.

Dated at Nelson this 24th day of October, 1961.

CERTIFICATE OF AUDIT

This is to certify that I have examined and audited the accounts and records of the Nelson School District for the Fiscal Year ended June 30, 1961. In my opinion, the Financial Report with Balance Sheet, and the Treasurer's Report reflect the true financial condition of the School District on June 30, 1961 together with the results of operation for the fiscal year ended on that date.

REPORT OF THE SUPERINTENDENT to the Nelson School District

It is a pleasure to submit my third annual report to the citizens of Nelson.

The spotlight of interest is being focused on our educational developments today with increasing intensity, and more and more we are beginning to realize that the individual needs, abilities, and interest must be realized and met by the support of local communities. It is hoped that the voters of Nelson will continue to allow our eighth grade students to attend Keene Junior High School on a tuition basis in order to afford these boys and girls the opportunity of finding for themselves through an exploratory and experimental curriculum their strengths and weaknesses and their individual needs, interests, and abilities in order to achieve success later in their High School educational program.

We are locked in a struggle today to determine whether our form of government shall prevail or some other undesirable form will take its place. The very survival of our democratic society is at stake and the only way to make sure to retain what we now have is to insure better education for our children to enable them to meet the many and difficult challenges ahead. Today, more than ever before, we must realize that education is the only foundation upon which a democratic society can be built, and past accomplishments should serve only as a beginning of our goal.

The Schools all over the country are an investment in people and represent a significant part of our vast heritage which we Americans enjoy. One of the fundamental and most vital part of our governmental structure is the guarantee of free, public, and universal education locally administered. It is my sincere hope that we will all continue this support.

In closing I would like to express my sincere appreciation to the School Board, citizens and teachers for their cooperation.

PAUL L. CLARK,
Superintendent of Schools
